

## In-House Bindery

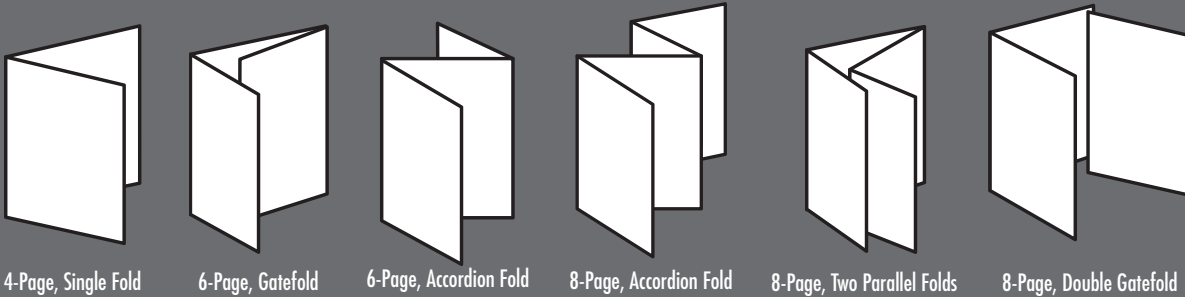

We understand how important an in-house bindery department is to ensure quality of product and on-time delivery. For that reason, we boast one of the largest in-house bindery departments in the industry. Our equipment is set up to handle both your high volume and low volume projects efficiently and accurately.

### Bindery Capabilities:

- |                 |                               |
